April 2019

Issue 3

Welcome back

Wow! Quarter one is now done. It only seems like yesterday we were putting together the March Newsletter.

Firstly, thank you to our customers for your understanding and cooperation with our annual stock take! Unfortunately, we did not find a treasure chest of problematic products.

The new Cat M is now out, there have been some very positive amendments to the tariffs, if you would like a copy, please let your sales representative know.

Gabapentin and Pregabalin are now Scheduled 3 Drugs, in the same way as Tramadol, we will need dispensing practices, vets and dentists to complete a CD requisition form before dispatch. Our customers will find a copy in their April statements alternatively we can also email/fax you a copy if you need one.

The latest concessions for February have been released by the Department of Health and Social Care. (Please see the highlights on the right). The market is still very turbulent, we continue to work closely with our customers to help them soothe the journey and offer impartial advice where possible.

With Easter coming up, please see below our opening hours. I am sure us here at ZeCare will over indulge in chocolate and other sugary treats. Next month's edition may be a dieting one!

Thank you for taking the time to read this month's edition

"Our pharmacy has been using ZeCare for a number of years and they have been invaluable in a number of ways, providing significant cost savings on our generic spend and offering helpful insights to the ebbs and flows of the drug market freeing up time for me to get on with other things rather than spending hours shopping around. Their personable friendly staff are always happy to help and answer any query without a hard sell approach. I only wish they were a wholesaler and we could use them for more"

Keith – Pharmacist @ Holme Pharmacy, Yorkshire

"We use ZeCare because they are easy to use, helpful and reliable. With ZeCare, you get a personal account manager who keeps you up to date with stock, movement in the markets and prices. They come out on visits to meet you, so you have a personalised experience and they are available at any time on the end of the phone during working hours."

Eric – Pharmacist @ G Payne Ltd, Gainsborough

"In the ever changing and challenging times that we face in the world of dispensary and pharmacy it is important to have a company and indeed contacts within that company to rely on.

I find ZeCare to be consistent in the service they provide, right through from placing the initial order to receiving the stock in branch without errors. Market trends and shortages are shared in a timely manner which gives the opportunity to react before availability reduces, minimising impact on both our customers and the business. Staff members are friendly and knowledgeable, and I find ZeCare prices to be competitive which is accurately reflected through invoicing.

Our customers demand accurate timely prescription fulfilment and we rely on our suppliers to be able to meet these daily demands. ZeCare instill the confidence that stock will arrive on time and help to ensure we can continue to be competitive and provide a high-level service no matter what the weather"

David Leigh - Dispensary Services & Pharmacy Manager @ Mattishall & Lenwade Surgeries
