

Newsletter

June 2019

Issue 5

Welcome to the June edition of our monthly Newsletter!

With two bank holidays done and dusted, it's been yet another busy month here at ZeCare.

As we continue to grow, so does the team – last month we welcomed Phill Abbott back to the ranks. Phill returns bringing a wealth of knowledge and charm to the team. He is looking after the South and London, so if you are in these areas, I'm sure he will be in contact very soon.

The market place is still as turbulent as ever and we continue to work with you to help you during these uncertain times.

There are several shortages in the market at the moment and we will share this information with you as soon as we become aware of it. The team have put together a weekly guide to what we are hearing in the market from our customers and suppliers. If this is something you are interested in, please let your representative know.

Some of you may or may not know we have an online ordering platform, which has live pricing information. Once again if interested, please don't hesitate to contact us so we can put this in place for you.

Thanks again for taking the time to read this.

The ZeCare team

Here at ZeCare, we have been looking at how we can make our working processes a little greener. One way we are doing this is by using electronic invoices rather than paper ones. If you think this is something you would be interested in, please let your sales representative know. We also try to re-use our boxes wherever possible, to cut down waste.

If you would like to receive your copy of the newsletter electronically, please let your representative know and we can email you a copy monthly.
